

## What's New at the BGC?

In March we will be celebrating St. Patrick's Day and spring. We will have seasonal programming with Leprechaun fun leading up to St. Patrick's Day. Our craft, language, science and math activities will all be based in this theme.

Spring break will run from March 24th-28th. These days will run based off registration so be sure to hand in your registration calendars in a timely manner. Over spring break we will be taking part in spring science, math and writing activities

We will be updating our payment and registration structure effective April 1st, 2025. This will include a new monthly fee structure and a major change to our credit system. Credits will no longer be offered when children do not attend on days when scheduled. All credits currently held by families MUST be used by June 30th, 2025.
